

HIGHER EDUCATION SCIENCE AND TECHNOLOGY Internship Logbook

Student Name: MUZOORA ANDERSON.

Month: AUGUST

Target	Achievements	Challenges	Lessons Learnt
Data Entry and activation	Finally I completed entering MUBS students who were left like 200 of them.	Students were very many and the database was needed in time and some information was not very clear.	Nothing is impossible
Marketing SOKO ecommerce platform online and promoting it as well.	Did some bit of digital marketing in the small scale trade show that was at UMA	Some hard to deal with people who gave us hard time to explain to them.	Never give up
Hosting and working on the E-commerce platform online	The system was successfully hosted and now it is working online @www.sokoug.com	Some little errors	Hope for the best

Supervisors Comment

Great work Jones
